**EQUIPMENT  
FOR PREMIUM ICE  
PRODUCTION**

# ABOUT US

**Hello!**  
**We are BF TECH -**  
**premium ice**  
**equipment producers.**  
**Nice to meet you!**

In this catalog, you can find our equipment ice for the premium ice

Our machines already work in more than 55+ countries and on 5 continents.

We can always help you with questions about our equipment, delivery, taxes, customs, guarantee, etc.

The main thing is that we are not only equipment producers, we are also ice producers for more than 12 years and we know many "secrets" in this and can always help our customers, from technical moments to selling advice!

If you buy equipment from us we can help you and you will receive advice for starting work with our equipment, and for a deep understanding of all additional processes, you can always order consulting using our experience.

We helped to build dozens of factories with a personal visit or online.

## ICE BLOCKS MAKER P150

- Dimensions, cm: 130L x 130W x 100H
- Weight with condensing unit, kg: 180
- Air-Comp power: 220-240V, 1 Ph, 50/60Hz
- Refrigerant: eco freon R452A
- Electric draw: 25-30 kW/24h
- Input Power: 1200 W / 6 A
- Each tank: 150L of clear water
- Construction material: polyurethane panels
- Machine produce: 2 ice blocks every 3 days
- Ready block size, cm: 105 x 50 x up to 33H

**All main parts from world famous brands  
(Cubigel, Danfoss, Tecumseh)**

**Price, EUR**

**6 200**

Machines have all CE certificates for food equipment, IAF certificates, and International protocol of testing

***With machine included:***

4 water pumps, 4 hitch, 10 liners, 1 metal bar for hoist, two 304 stainless steel tanks

## ICE BLOCKS MAKER P150

Dimensions, cm: 130L x 130W x 100H  
Weight with condensing unit, kg: 180  
Air-Comp power: 220-240V, 1 Ph, 50/60Hz  
Refrigerant:eco freon R452A  
Electric draw: 25-30 kW/24h  
Input Power: 1200 W / 6 A  
Each tank: 30L of clear water  
Construction material: polyurethane panels  
Machine produce: 6 ice blocks every 12-72h  
Ready block size, cm: 51 x 26 x up to 26H

**All main parts from world famous brands  
(Cubigel, Danfoss, Tecumseh)**

**Price, EUR**

**6 200**

Machines have all CE certificates for food equipment, IAF certificates, and International protocol of testing

***With machine included:***

8 water pumps, 30 liners, six small 304 stainless steel tanks

EQUIPMENT FOR PREMIUM ICE PRODUCTION

**Be first,  
be tech.**

2

## ICE BLOCKS MAKER P300

Dimensions, cm: 250L x 130W x 100H

Weight with condensing unit, kg: 300

Air-Comp power: 220-240V, 1 Ph, 50/60Hz

Refrigerant: eco freon R452A

Electric draw: 30-35 kW/24h

Input Power: 1300 W / 6A

Each tank: 150L of clear water

Construction material: polyurethane panels

Machine produce: 4 ice blocks every 4 days

Ready block size, cm: 105 x 50 x up to 33H

**All main parts from world famous brands  
(Cubigel, Danfoss, Tecumseh)**

**Price, EUR**

**9 700**

Machines have all CE certificates for food equipment, IAF certificates, and International protocol of testing

***With machine included:***

8 water pumps, 8 hitch, 20 liners, 1 metal bar for hoist, four 304 stainless steel tanks

## ICE BLOCKS MAKER P30

- Dimensions, cm: 115L x 75W x 95H
- Weight with condensing unit, kg: 135
- Air-Comp power: 220-240V, 1 Ph, 50/60Hz
- Refrigerant: eco freon R452A
- Electric draw: 25-30 kW/24h
- Input Power: 1200 W / 6 A
- Each tank: 30L of clear water
- Construction material: polyurethane panels
- Machine produce: 3 ice blocks every 12-72h
- Ready block size, cm: 51 x 26 x up to 26H

**All main parts from world famous brands  
(Cubigel, Danfoss, Tecumseh)**

**Price, EUR**

**3 900**

Machines have all CE certificates for food equipment, IAF certificates, and International protocol of testing

***With machine included:***

4 water pumps, 15 liners, three 304 stainless steel tanks

EQUIPMENT FOR PREMIUM ICE PRODUCTION

**Be first,  
be tech.**

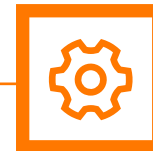

1

The main advantage of our know-how is the ability to work with the same performance under any conditions

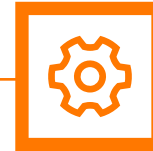

Polyurethane insulation allows you to install equipment in hot conditions, but get the same result

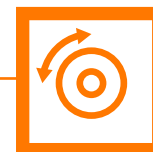

304 stainless steel tanks in each unit

polyurethane panels case

electronic temperature control

wheels can be added

EQUIPMENT FOR PREMIUM ICE PRODUCTION

Be first,  
be tech.

4

## BLOCK HOIST

- Dimensions, cm: 110L x 70W x 230H
- Weight with motor, kg: 75
- Limit of load, kg: 250
- Power supply: 220-240V, 1 Ph, 50/60Hz
- Designed to use with ice blocks makers P150/P300 and till cart
- Effortlessly lifts the block from the machines without any hand force
- Can be operated by one person

**Price, EUR**

**800**

EQUIPMENT FOR PREMIUM ICE PRODUCTION

Be first,  
be tech.

5

## BLOCK TILL CART

Dimensions, cm: 112L x 47W x 68H

Weight, kg: 20

Limit of load, kg: 250

Designed to use with ice blocks hoist

Can be operated by one person

Price, EUR

400

## CUTTING EQUIPMENT

### Big block cutter C70

Saw dimensions, cm: 155L x 75W x 160H

Stand dimensions, cm: 200L x 70Wx 15H

Weight with stand, kg: 225

Power supply:

\* 220V-380V, 3 Phases, 50-60Hz , 15A

\* 220V, 1 Phase, 50-60Hz, 25A

Current power: 3200 Watt

Blade size, mm: 3450 x 35 x 0.9

Construction material: steel

Can be operated by one person

**Price, EUR**

**4 700**

***With machine included:***

stand, 2 carbon rollers, 2 blades

# ICE PRESSES

TYPES	SIZE	Price, EUR
BALL / SPHERE	from 40 to 70mm	190
DIAMOND (standard)	for coupe glass diameter 65 mm, bottom depth 35 mm, top 15 mm	250
DIAMOND (old fashion)	for old fashion glass diameter 65 mm, bottom depth 28 mm, top 33 mm	250
3in1 CYLINDERS	press size - 150*200 mm cylinders size - 120*35 mm	450
4in1 BALL / SPHERE	ball - from 40 to 70mm weight - 18kg with big handle	550
4in1 DIAMOND	any diamond shape weight - 16 kg with big handle	650
Hexagon, heart, pineapple, tangerine	the same aluminum form as ball / diamond can be single or 4in1	300
2in1 PINEAPPLE	press size - 150*200 mm cylinders size - 82*65 mm	450
ROSE (single/4in1)	for old fashion glass diameter 60 mm,	350/900

## extra adds:

- anodizing (colored or ultra strong), from 20 to 70 EUR
- engraving, from 20 EUR

\* any other size and shape can be produced

EC Declaration of conformity

Regarding the conformity of production requirements  
Technical regulations (Directives) from Declarant:

BF TECHNOLOGY LLC, VAT number 43527648, in the person of director Pavlo Oryshchak, confirms that the fulfillment of the basic requirements for products:

- Band saw, model: C70

serial №38230314, year of manufacture: 03/2024, has been proven and meets the requirements of technical regulations (Directive) and also this machinery have been designed and manufactured in accordance with the following harmonised European standards:

Name of Technical Regulation (Directive)	Regulations	Evaluation Body
The safety of vehicles approved by Ukraine's Cabinet of Ministers from Jan. 30, 2013, No. 62 (Directive 2006/42 / EC From May 17, 2006)*	(EN ISO 12100:2010); (EN 1672-2:2005 +A1:2009); (EN ISO 13857:2008)	Test protocols of the representative sample of the <b>Band saw, model: C70</b> of this type №12-p/21 and No. 85-p/21-2 of 12.02.2024, issued by the State Enterprise "Lviv Standardmetrologiya" (Lviv, 26 Zavostka St.)  According to the results of the examination of the technical file of the OOV, the report dated 15.02.2024 was drawn up.
Low voltage electric equipment approved by Ukraine's Cabinet of Ministers, from Dec. 16, 2015, No. 1067 (Directive 2014/35 / EC from February 16, 2014,	(EN 60204-1:2018); (IEC 61140:2001 + A1:2004); (IEC 61310-2: 2007);	
Food industry equipment, Safety and hygiene requirements, Substantive provisions. Part 1, Safety Requirements (EN 12268:2014)		
Equipment for the food industry. Substantive provisions. Part 2, Hygiene Requirements	(EN 1672-2:2005 +A1:2009)	

\*as well as the requirements of EN 1807-2:2018 (EN 1807-2:2013, ID1) and EN ISO 13857:2019, in accordance with paragraph 2, point 1 of the technical regulations of machinery and equipment safety low-voltage electrical equipment, they are designed taking into account relevant Directives.

This declaration of conformity is issued under the sole responsibility of the manufacturer.

Accountable for the storage of a complete set of documents, that are the evidential base of accordance of products to the requirements of Technical regulation (Directives), there is a declarant representative in the EU:  
Julien Bertrand, Address: Impasse de la billaude, Cestas, Bordo, 33610, France, +33782444456, julienbertrand88@gmail.com

This declaration of accordance loses force if the machine will be made an alteration or she will recondition without consent to its producer.

# TERMS OF COOPERATION

1

All prices in EUR (payment to the company's official account)

2

All prices without VAT, as well as almost 0 duty on goods in the EU zone

3

50% payment when you placing an order; rest of the payment after the end of all tests and before shipping from our factory or warehouse

4

Bank accounts in different countries of the world, you can always count on our help in reducing costs

5

Order fulfillment - 2 weeks after receipt of payment to the company's account, but we almost always have stock (ask please)

6

The machines have 12 months warranty on the main parts, but our customer service has no expiration date

7

Shipping is not included, but we can always help you with that (we will find a direct or separate truck, sea freight or air freight for you)
